There was, however, unmistakable evidence that the disease would spread among the Italia to remain at anchor. She is now lying in the stream off Quarantine, where she will be kept for several days yet, while the doctors watch the effects of the vaccination. Those who are found to be in-tected with the di-case will be removed to the bospital, while the others will not be allowed to go at large until they are out of danger. The sailors will we vaccinated, and after the Italia has remained below a lew days she will be thoroughly fumigated. she will then be allowed to come up to the city and discharge her cargo.

Grant on American Snobs.

From a speech made at Washington Tuesday night.] Since I left this city it has been my good fortune to have travelled a great deal and to place of Judge Strong. He is a native of meet a great many of our countrymen. 1 Newark, Ohio, and is now judge of the have met our comrades in every country United States Court for the circuit of that I have visited. In Europe, in Asia, which Georgia, Alabama, and Florida are the blue, and as a rule I found them maintaining the honor and dignity of our native is that if the President meant to nominate a who were asbamed of their own country, name of Judge R. W. Hughes, of Virginia, own. [Applause and shouts of "That's or some other native southerner. They say so!"] To my sorrow, however, I am this is a reflection on so:"] To my sorrow, however, I am this is a reflection on southern-born Republican lawyers, and that it would be better which they were, and belittled their sident and those who control the Repubtoo, upon speaking to them, they were peo- lican party to make the Supreme Court enthe who knew but very little of any coun- tirely northern. Then nobody would be and spending with such free hands, would have been glad to have come back here to earn it. [Cheers and great taughter.] From my experience of them they would have found it very up-hill work to have secured even a hare living in any of the countries.

The first first with a chance of being appointed to the Supreme amount they expected to recommend for all the even all the rivers and harbors of the country. The found it very up-hill work to have secured even a hare living in any of the countries.

The first first with a mount they expected to recommend for all the even indications are that James river will get the limit to even a hare living in any of the countries.

The first firs they lauded above their own." [Cries of "Good!" "Good!" and applause.]

NEW YORK, December 14.-Theophilus Youngs, or the man personating him, has again di-appeared. Youngs left his wife, whom he married in Washington in 1873, ber, who contested his wife's application 1880. for administration on bis \$20,000 fortune on the ground that he was not dead. The case, in its new phase, causes an increased sensation, and is without precedent.

Wood's

> ingly the House, at 12:40, went into Committee of the Whole (Mr. Converse, of Obio, chairman) upon the fortification bill.

> Mr. Baker explained the provisions of point, identical with that of last year. He ralled attention to the deplorable condition Mr. Randall, of Pennsylvants, discredited the idea that we should have a war.

> Mr. McCook said that during the first bundred years of its existence as a notion

this country had sixteen years of war.
Mr. Reed, of Maine, said the condition of country, was disgraceful in the extreme of the scaboard could be success fully defended even against a third-rate European Power. The navy was not the est thing to meet danger with, and, besides that, an adequate navy would cost more than fortifications.

Mr. Ellis, of Louisiana, soid a ship of any New York in perfect safety and levy a contribution a thousand times greater than the sum asked by the Chief of Ordnance for the manufacture of heavy cannon. When a war should break out, there would be no time to improvise defences. War might break out at any time. Cuban cruisers were but adopt a policy which would teach all nations, and especially Spain, that the quently refused to take them, as also did American flig must be everywhere respect-

Mr. Reagan, of Texas, favored the strengthening of fortifications, and dwelt on the necessity of providing suitable defences for Galveston harbor.

Mr. King also alluded to the importance of strengthening the defences of southern from supplying the train.

tion of the Military Committee, offered an League will support the laborers who left amendment making the first section appro priate \$500,000 instead of \$100,000 for strengthening the seacoast defences.

Mr. Randall, of Pennsylvania, spoke a length in opposition to the amendment. He was opposed to any increase of the approment will not resume operations until warm priation under a fancted apprehension of war. There was no danger of war, and the country might better rely on diplomacy.

Mr. Johnston, of Virginia, supported the amendment. Hethought the country should prepare for war in time of peace. The spec acle now presented by the barbor defences of the country was disgraceful.

Mr. Blount, of Georgia, argued against all amendments, and agreed with Mr. Ran-dall that there was no danger of war. Foreign Powers had all they could attend to at

The amendment was further opposed by Mr. Hill of Ohio and Calkins of Indiana and supported by Mr. McCook of New York. Finally the discussion closed, and the amendment was rejected by a vote of

Other amendments were offered by Messrs. Reagan of Texas, Fort of 1th nois, and Ettis of Louisiana; but all were ither rejected or ruled out.

The committee thea rose and reported the bill to the House, when it was passed. Mr. Gibson, ot Louisiana, from the Com pittee on Mississippi Levees, reported : bill appropriating \$1 800,090 for the im-provement of the Musissippi river. Order ed to be printed and recommitted. Adjourned.
